The Honorable Guy Caruso
Administrator
Energy Information Administration
U.S. Department of Energy
1000 Independence Avenue S.W.
Washington, DC 20585

Dear Mr. Caruso:

I appreciate EIA's timely response to my request for analysis of the proposed RPS Amendment. The report was thorough and informative. As a follow-up to the report, I would like to request an RPS case run with the 1.5 cent/kWh credit cap adjusted for inflation. All other assumptions should remain the same.

I ask that the requested case run be made available as soon as possible. I also ask that my staff be briefed prior to any release of information.

If you have any questions regarding this request, or need clarification, please contact Leon Lowery with my Senate Energy and Natural Resources Committee staff at 202-224-2209. I thank you in advance for your timely attention to this request and objective analysis to inform the current Energy Bill debate.

Sincerely,

Jeff Bingaman
